

Education and Practice Sub-Committee

2017 Report

The Education and Practice Subcommittee

- Is responsible for an open education session at the ICS annual meeting
- Provides a forum for practice issues
- Supports those who wish to develop clinical competencies in continence care
- Committee members
 - Sandie Engberg, Chair
 - Veronica Hagger
 - Wakako Satoh

2017 Annual Meeting-Related Activities

- Submitted an application for and planned the Nursing Workshop
- Planning for both the Workshop and Forum occurred in collaboration with local and international speakers as well and ICS Nursing Committee members
- Assisted in obtaining sponsorship to translate the main speakers' slides for annual meeting

2016 Other Activities

- Promoted the development of several e-learning activities for nurses
 - Dr. Mary Wilde developed educational modules on *Basic Care in Indwelling Urinary Catheter Management*
<http://www.ics.org/committees/nursing/icseducationalmodule/basiccare>, *Self-Management of Indwelling Urinary Catheters*
<http://www.ics.org/committees/nursing/icseducationalmodule/indwellingcatheters>, and *Self-Management of Intermittent Urinary Catheters*
<http://www.ics.org/committees/nursing/icseducationalmodule/intermittentcatheters>
 - Dr. Kathleen Hunter's presentation on pharmacology for UI which was presented at the 2015 Nursing Workshop in Montreal was filmed and is available at:
<https://www.ics.org/2015/programme/session/1642>
 - Joe Booth is working on her Bowel and Bladder training project

Ideas for the Future

- 2018 ICS strategic aims:
 - To ensure the highest quality scholarly activity
 - To optimize organizational effectiveness
 - To build stakeholder engagement
 - To establish financial health
- Where can we contribute
 - Continue to work on the Bowel and Bladder Training project
 - Identify the focus and speakers for the 2018 Nursing Workshop and Forum
