QUEEN SQUARE URONEUROLOGY COURSE

In partnership with the International Continence Society

Organisers: Jalesh N. Panicker & Mahreen Pakzad

The Department of Urology and the International Continence Society (ICS) are organising this two day course that will provide a comprehensive overview of the problems of bladder, bowel and sexual functions occurring following neurological disease, its evaluation and management. The course will bring together a distinguished faculty of international experts in the field of neurourology and is therefore a unique opportunity for doctors, nurses and therapists with an interest in the field to update their knowledge and practices.
