

Abstract Awards ICS2021

The ICS Scientific Committee have selected the final abstracts for ICS 2021 and are pleased to announce this year's abstract award winners.

Best Non-Clinical Abstract: Abstract No: 10 [New insights into the molecular mechanisms of nocturnal polyuria using a novel animal model: Insufficient sodium excretion by hyperactivation of the renal RAS-SPAK-NCC pathway causes nocturnal polyuria](#) - Sekii Y1, Takezawa K1, Imanaka T1, Kuribayashi S1, Okada K1, Fukuhara S1, Kiuchi H1, Nonomura N1

Best Clinical Abstract: Abstract No: 19 [Pelvic floor dysfunction 26 years after childbirth: a longitudinal study](#) - Hagen S1, Sellers C1, Elders A1, Macarthur C2, Hemming C3, Toozs-Hobson P4, McDonald A5, Herbison P6, Wilson D7, Glazener C5

Best Video Abstract: Abstract No: 43 [Tendon prolapse repair](#) - Hornemann A1, Sütterlin M2, Weissenbacher T3, Franz W4, Holthaus B5

Best Toileting and Containment Abstract: Abstract No: 76 [Exploring resident and staff experience with incontinence assessment and management in residential aged care: A mixed methods study](#) - Golenko X1, McLeod K1, Lowthian J1

Best In Category Prize Winners

Anatomy / Biomechanics

51 [Characterisation of the vaginal pressure profile \(femfit\) during exercise](#)
Orr H1, Kruger J1, Budgett D1

Anorectal / Bowel Dysfunction

92 [A Prospective Multicenter Nonrandomized Clinical Study of Autologous Muscle Derived Cell \(AMDC\) Therapy for the Treatment of Fecal Incontinence](#)
Raval M1, Canestrari E2, Cardello K2, Jankowski R2, Knowles C3

Conservative Management

52 [Screening and management of pelvic floor symptoms in exercising women: online survey of 636 health and exercise professionals.](#)
Dacic J1, Hay-Smith J2, Cook J3, Lin K4, Frawley H5

E-Health

- 144 [Searching for a Solution – is YouTube a reputable source for men investigating treatment for erectile dysfunction?](#)

Parkin C1, Chung A1

Female Lower Urinary Tract Symptoms (LUTS) / Voiding Dysfunction

- 96 [Sublingual vaccination with MV140 for reducing healthcare burden associated to recurrent urinary tract infections: a randomized placebo-controlled trial](#)

Lorenzo-Gómez M1, Foley S2, Nickel J3, Padilla-Fernández B4, González-Casado I5, Martínez-Huélamo M6, Yang B2, Saz-Leal P7, Casanovas M7, García-Cenador M8

Female Stress Urinary Incontinence (SUI)

- 65 [Surgical management of stress urinary incontinence: a systematic review of patient reported outcome measures in randomised controlled trials for the development of a core outcome measure set](#)

Loganathan J1, Coffey J2, Doumouchtsis S1

Geriatrics / Gerontology

- 74 [A Best Practice Model of Continence Care in Residential Aged Care](#)

Ostaszkievicz J1, Cecil J1, Kosowicz L1, Wise E1, Dow B1

Health Services Delivery

- 55 [Group-based pelvic floor muscle training for all women during pregnancy is more cost-effective than post-natal training for women with urinary incontinence: cost-effectiveness analysis of a systematic review](#)

Brennen R1, Frawley H2, Jennifer M3, Haines T4

Imaging

- 23 [Grading of obstetric anal sphincter injury: endoanal or translabial ultrasound?](#)

Pacquee S1, Karantanis E1, Moore K1

Male Lower Urinary Tract Symptoms (LUTS) / Voiding Dysfunction

- 57 [Does Gene Polymorphism of Beta-3 Adrenoceptor Effect on the Lower Urinary Tract Function in Men?](#)

Haga N1, Miyazaki T1, Okabe Y1, Tsubouchi K1, Kojima Y2

Male Stress Urinary Incontinence (Post Prostatectomy Incontinence)

- 3 [Transcorporal vs. bulbar artificial urinary sphincter implantation in male patients with fragile urethra](#)

El Akri M1, Bentellis I2, Tricard T3, Brierre T4, Cousin T5, Dupuis H6, Hermieu N7, Gaillard V3, Poussot B3, Robin D8, Bertrand-Léon P8, Chevallier D2, Bruyere F9, Biardeau X10, Monsaint H11, Corbel L12, Saussine C3, Hermieu J7, Lecoanet P13, Capon G5, Cornu J6, Game X4, Ruffion A14, Peyronnet B1

Nocturia

- 83 [Solifenacin plus desmopressin versus desmopressin alone in the treatment of primary mono symptomatic nocturnal enuresis: a randomized controlled clinical trial comparing the efficacy of both treatments](#)

Ahmad T1, Ali L2, Minallah N3

Overactive Bladder

- 59 [Single Intradetrusor Injection Of Autologous Adipose-derived Stem Cells In Parkinson's Disease Patients With Overactive Bladder: A Pilot Study](#)

Moussa M1, Abou Chakra M2, Dabboucy B3, Papatsoris A4, Dellis A5, Fares Y6

Paediatrics

- 84 [Development of an online-based transition care program for adolescents with Spina Bifida](#)

Choi E1, Bae E2, Yun H2

Pelvic Organ Prolapse

- 25 [How do women perceive complications after pelvic floor repair surgery?](#)

Pizzoferrato A1, Ragot S2, Vérité L3, Naiditch N3, Fritel X2

Prevention and Public Health

- 487 [Are We Removing Catheters Correctly? A Cochrane Meta-analysis Comparing Removal Strategies for Short-term Urethral Catheters in Hospital Patients](#)

Ellahi A1, Stewart F2, Kidd E2, Griffiths R3, Fernandez R4, Omar M5

Prostate Clinical / Surgical

- 5 [Long-term prognosis of lower urinary tract function after robot-assisted radical prostatectomy in patients with preoperative low bladder contractility.](#)

Hata J1, Hasegawa A1, Harigane Y1, Makabe S1, Yaginuma K1, Onagi A1, Matsuoka K1, Koguchi T1, Sato Y1, Akaihata H1, Kataoka M1, Ogawa S1, Kojima Y1

Quality of Life / Patient and Caregiver Experiences

- 50 [Understanding the effects of multimodal pelvic floor physiotherapy in gynecological cancer survivors with dyspareunia: a mixed-method research study with a 12-month follow-up](#)

Cyr M1, Dostie R1, Camden C1, Dumoulin C2, Bessette P1, Pina A3, Gotlieb W4, Lapointe-Milot K1, Mayrand M3, Morin M1

Rehabilitation

- 81 [Caring conversations to support continence management after stroke: A participant-informed rapid realist review](#)

Hay-Smith J1, Martin R1

Urethra Male / Female

- 2 [A Randomized Controlled Trial Evaluating the Optilume Urethral Drug Coated Balloon vs Endoscopic Management for Treatment of Recurrent Anterior Urethral Strictures](#)

Justin C1, Elliott S2, Virasoro R3, DeLong J3, Coutinho K4, Robertson K5, D'Anna R6

Urodynamics

- 89 [Defining Bladder Outlet Obstruction and Detrusor Underactivity in females with overactive bladder: Aren't we forgetting about the free uroflowmetry?](#)

Calvo de la Barra C1, Santis-Moya F1, Gallegos Morán H1
